# Crafting Modern Design

At Wood'n Design, we believe that an iconic design is a combination of simplicity, aesthetics and functionality brought to life through skillful work with the highest quality materials. We take pride in using the finest timber from antique beams, which provides the best seasoning and quality precious wood aged from 80 to 200 years. We also use imported timber such as Teak, Oak, White Ash sourced from all around the world.

Along with using the best timber, our creation is hand made with traditional ancestral joinery, hand sanded and hand polished. The artisanal creations express our passion for modern and minimalist design.

## The Team

## Vincent Roy

Founder / Designer

Vincent Roy, a French designer and a cabinet-maker, decided to settle down in Pondicherry after ten years of carpentry experience in France, Australia, Cambodia and India. Previously specialising in repairing French antique furniture, Roy had the chance to observe how the wood and the joinery react with time, preserving the knowledge from past generations.

Gaining that deep understanding has given him the ability to design artistic as well as functional pieces applying best practice of ancestral knowledge. Passionate about the original designs of Scandinavian furniture created during 1920s-1970s by a circle of craftsmen, architects and designers combining works of art with functional furnishings for everyday life.

## Akash Radhakrishnan

Architect / Process manager

Akash joined Wood'n Design in the fall of 2020 after graduating with a bachelor's degree in Architecture from MEASI Academy of Architecture, Chennai.

His interest in the furniture industry and inspired by the vision of Wood'n Design, he moved to Pondicherry. On top of being able to design pieces, spaces and buildings he discovered he has got a strong ability of planning and management and soon found himself handling clients, planning the production and micro managing a team.

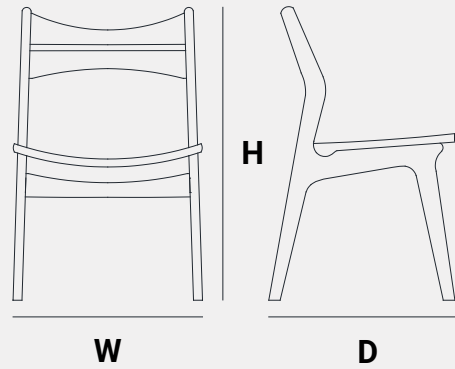

A manager in the making, he keeps an eye on all the tiny to big processes as well as quality control. He plans to grow professionally and personally along with the studio while contributing his skills.

# CHAIRS

DINING / STUDY / OFFICE

Elevate your space with our handcrafted chairs, seamlessly blending midcentury charm and ergonomic innovation. Your chairs are meticulously crafted using traditional joineries.

Transform your space, where our chair becomes more than furniture – it's a symbol of timeless style and design statement.
