## Vincent Roy

Founder / Designer

Vincent Roy, a French designer and a cabinet-maker, decided to settle down in Pondicherry after ten years of carpentry experience in France, Australia, Cambodia and India. Previously specialising in repairing French antique furniture, Roy had the chance to observe how the wood and the joinery react with time, preserving the knowledge from past generations.

Gaining that deep understanding has given him the ability to design artistic as well as functional pieces applying best practice of ancestral knowledge. Passionate about the original designs of Scandinavian furniture created during 1920s-1970s by a circle of craftsmen, architects and designers combining works of art with functional furnishings for everyday life.

## Crafting Modern Design

At Wood'N Design, we believe that an iconic design is a combination of simplicity, aesthetics and functionality brought to life through skillful work with the highest quality materials. We take pride in using the finest timber from antique beams, which provides the best seasoning and quality precious wood aged from 80 to 200 years. We also use imported timber such as Teak, Oak, White Ash sourced from all around the world.

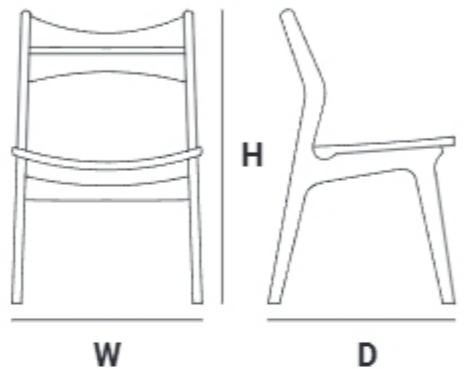

Along with using the best timber, our creation is hand made with traditional ancestral joinery, hand sanded and hand polished. The artisanal creations expresses our passion for modern and minimalist design.

## The Team

# CHAIRS

DINING / STUDY / OFFICE

Elevate your space with our hand crafted chairs, seamlessly blending mid century charm and ergonomic innovation. Your chairs are meticulously crafted using traditional joinerries.

Transform your space, where our chair becomes more than furniture - it's a symbol of timeless style and design statement.

### Essential Product Information

**Natural Variations:** Wood is a natural material, hence there will be a variation in the grains and variation in colour.

**Material Selection:** We use reclaimed wood which is about 100-200 years old or new imported wood according to client selection.

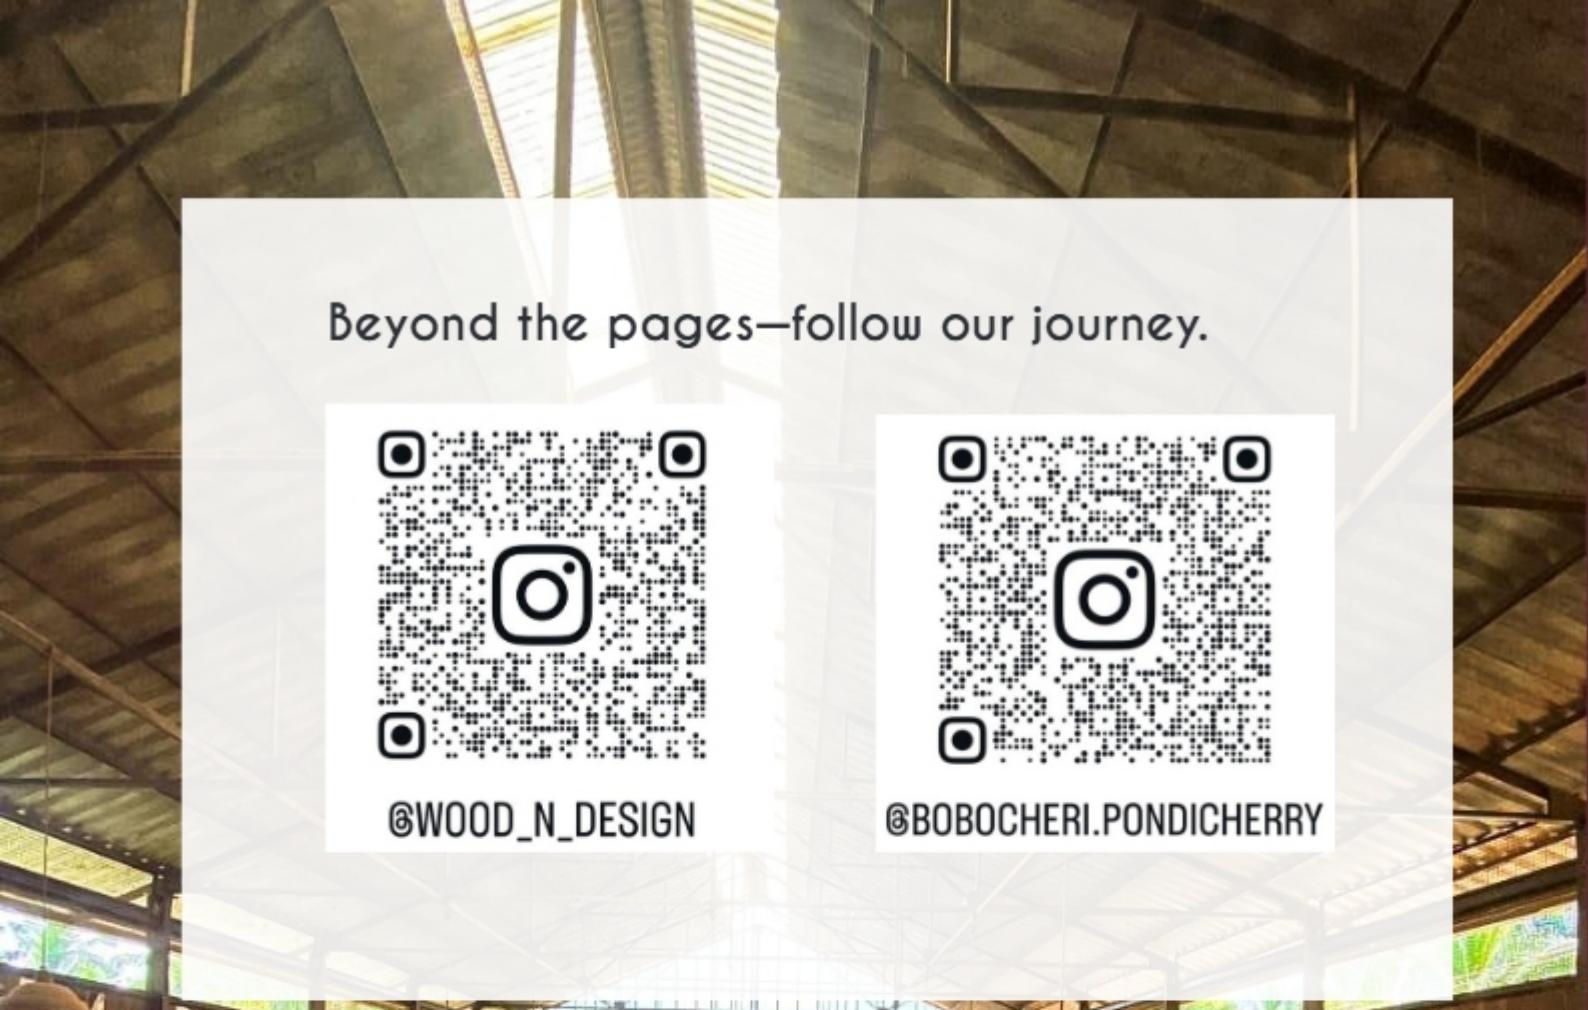

**Usage Guidelines:** Solid wood furniture and cane weave has to be for indoor use only.

**Temperature Sensitivity:** Furniture kept exposed to places with extreme temperature variations can result in splitting or cracking.

**Sunlight Protection:** Furniture kept in direct exposure to the sun can result in damage.

**Finishing Options:** Type of polish and finish can be selected by the client based on their preferences, such as Matt or Satin.

**Handcrafted Quality:** All furniture is handcrafted with traditional joinery by well-trained carpenters. Slight variation in size, colour, and grains of the wood could be seen.
